

Adriadiesel d.d.

Adriadiesel d.d. is an OEM - original equipment manufacturer of diesel engines and spare parts, as well as other power equipment, and it also provides services in overhauls, machining and heat treatment

MAN DIESEL

Four-Stroke Diesel Engines

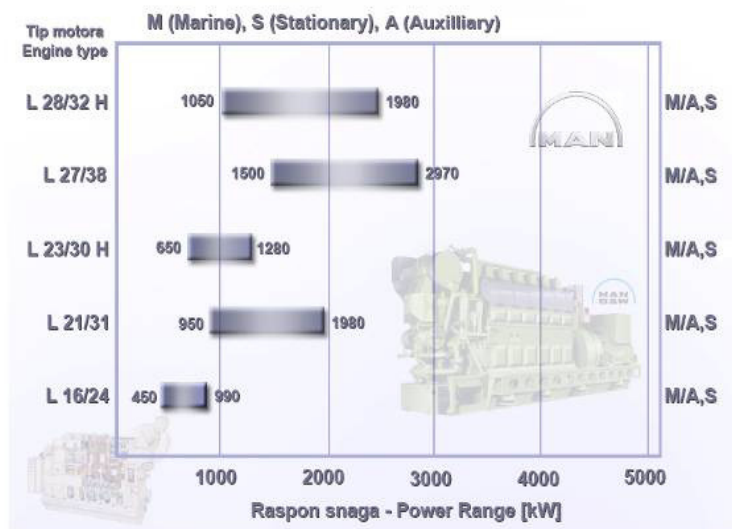

- High availability, reliability, durability
- Low operation costs
- Low maintenance demand
- Easy operation and maintenance
- Low fuel and lub. oil consumption
- Long intervals between overhauls
- Long lifetime of components
- Operation on cheapest fuel (HFO)
- 16.000-20.000 Hrs between major overhauls
- Shortest daily routine maintenance
- Reliable power supply and economical operation even in extreme conditions
- Conformity with environmental requirements

Adriadiesel d.d.

Engine types and power range

- **L 16 / 24** Power range: 450 - 990 Kw
 - No. of cylinders: 5 - 6 - 7 - 8 - 9
 - Speed range: 1.000 / 1.200 rpm
- **L 21 / 31** Power range: 950 - 1.980 Kw
 - No. of cylinders: 5 - 6 - 7 - 8 - 9
 - Speed range: 900 / 1.000 rpm
- **L 23 / 30 H** Power range: 650-1.280 Kw
 - No. of cylinders: 5 - 6 - 7 - 8
 - Speed range: 900 / 750 / 720 rpm
- **L27 / 38** Power range: 1.500 - 2.970 Kw
 - No. of cylinders: 5 - 6 - 7 - 8 - 9
 - Speed range: 720 / 750 rpm
- **L28 / 32 H** Power range: 1.050-1.980 Kw
 - No. of cylinders: 5 - 6 - 7 - 8 - 9
 - Speed range: 720 / 750 rpm
- **V 28 / 32 S** Power range: 3.610 - 4.061 Kw
 - No. of cylinders: 16 - 18
 - Speed range: 720 - 750 rpm

Diesel engine assignment

- Marine business application: auxiliary engines
- Stationary plants: diesel power plants
 -emergency gen-sets

Spare parts and overhauls
